Ways in which Bruce Davidson's archive is organized.

1. Year photograph was printed. We have 3 categories: vintage, mid vintage and modern. Mid vintage being later prints usually made in the late 1970's
2. Published or unpublished. Whether or not it appears in one of Bruce Davidson's books
3. Series. Bruce Davidson works in series, so bodies of work on a particular subject are organized in the same box
4. Chronological order
5. Modern prints- Whether or not it was printed by Bruce Davidson.
6. No box is labeled "MISC"

Miscellaneous is a dirty word. Never have a box of photographs labeled miscellaneous
